SAT®

Complete the information below to order additional score reports for the SAT® or SAT Subject Tests™ to be sent to colleges, universities or scholarship programs.

- About four weeks after we receive your request, we will send a cumulative report of all SAT and SAT Subject Test scores that are available and reportable to the colleges and programs you have noted below. Note that your score recipients can access an image of any SAT essays associated with your scores. Also, institutions may need an additional week to process your scores once they receive them.
- Score Choice™ allows you to select which scores you send to colleges by test date for the SAT and by individual test for SAT Subject Tests. Order your score reports online or by phone to take advantage of Score Choice.
- Rush reporting is available for an additional fee ($9.50 for each score report plus a single processing fee of $27). Rush scores are sent two business days after your request is processed. **Make sure to check with the institutions before requesting this service: not all colleges accept rush reporting.**
